

## Nursery- Curriculum over view

### Long term plan

Teaching and learning very loosely based on the topics below. Content is dependent on children's interests, community events, seasonal interests and weather. Topics such as feelings, making friends, sharing, building, mark making, music, painting etc these are all touched on continuously throughout our continuous provision in each area and outdoors. Role play plays a great part on our learning at Nursery and we are constantly updating our areas to make them inspiring! Using our fingers is key to becoming a super writer and we focus on this daily particularly through practising specific fine motor skills.

Forest Schools sessions which every child gets an opportunity to attend over 6 weeks lends itself to environmental topics and also touches on lots of social skills too.

<b>Term/ season/ Topic</b>	<b>Events/ Topics/ Celebrations</b>	<b>Visitors/ Trips/ Events</b>	<b>Books/ Resources</b>

The content of the planning is open to change and therefore may not include **all** of the above- we plan to incorporate the children's interests to inspire their learning. We keep a record of all the DM's covered which can highlight any gaps in the children's learning and provide the children with opportunities to cover any outstanding DM's.
